The Olson Story

The decision to disperse our herd was a difficult one to make, brought about by a number of things. Among these was the three devastating floods in June which killed all of the alfalfa and most of the growing crops. Another was Doug's invitation to join "Uncle Sam's" armed forces. We hope and intend to be back as soon as possible.

It has been our aim to produce useful cattle that were as near our ideal as we could get them. No one ever quite reaches his goals, but we have been very gratified with the record of steers from our herd. In the last five years we have produced ten different steers that have been either breed champion or reserve at a State or National show.

The strength of the various families will be apparent. Outstanding are probably the Lavenders and Victorias. Every cow is a good mother, giving ample milk. The young heifers by Arrow are a choice lot, and their calves are coming on well.

Our first herd bull was purchased in a George Struve and Son's sale at Manning, Iowa. He was Symbol's Matchless, by Goldfinder's Symbol. He was followed by HVF Supreme, by Calrossie Supreme, out of an Edellyn-bred Mercury Princess Royal. He was an outstanding sire of females. In 1956, we attended the Golden Oak Dispersion at DeLeon, Texas, and bought our choice of the sons of Calrossie Talisman, (he sold for \$54,000.00 in that sale). We got Golden Oak Talisman 4th. In 1960, we bought Springdale Arrow, by Edellyn Broadarrow. He has been used until this season. His daughters are a grand lot. They comprise nearly one-third of the entire female offering.

These cattle live out of doors twelve months of the year, and we feel are the kind best suited to farm and ranch conditions in the mid-west.

THIS IS A COMPLETE DISPERSION, nothing is being retained. Had our plan to sell come sooner, there are some changes that would have been made. We have been working toward all cows calving in February, March and April, thus the bulls were not turned with the herd until May 2.

Several cows had cross-bred calves this year, all of these calves are being retained, but the date of calving is listed in footnotes so that you may know when these cows calved. The bulls were turned with the cows May 2, and taken away August 15.

We are looking forward to seeing you October 9th in Newton. We hope you will honor us with your presence.

THE OLSONS

Only in a dispersal sale do you have the opportunity to start with quality cattle the Olson's attained in almost thirty years of breeding and selecting good Shorthorns. Often you hear the remark that the bull is half the herd. I would like to mention some of the good bulls Olson's have used. In 1944, they bought Symbols Matchless by Goldfinder's Symbol, top bull of the George Struve sale, Manning, Iowa. Another bull used by Olson's was HVF Supreme, by the \$10,000 Perth first prize winner, Calrossie Supreme. His breeding will show in many of the pedigrees in this sale. Golden Oak Talisman 4th was reserve grand champion at the 1956 Nebraska State Fair, a son of \$54,000 Calrossie Talisman. Other herd sires were Wordsworth Contender by Uppermill Wordsworth, and Springdale Arrow by Edellyn Broadarrow. Edellyn Broadarrow topped the 1957 Edellyn sale at \$3,100. One-third of the females in this sale are by Springdale Arrow. Present herd sires are Clearview Count Ranger, grandson of Kair Ranger and C S Wonder K. This Wonder K bull is a half brother to the \$5,000 Denver champion and many other top Wonder bulls Kansas State University has sold in recent years. If you are needing a herd bull, be sure to see this bull and his many calves before sale day, October 9.

The females are big, rugged cows. They are on bluestem grass, so will be in their working clothes. The calves with their mothers will prove the quality of the females in this sale.

The show record for steers from the Olson's herd will compare with the best. Ten different steers have been either breed champions or reserve champions at State or National shows in the last five years. A few outstanding 4-H steers will be sold. The heifer calves are of the same quality.

Try to see these cattle before sale day if you are in need of good Shorthorns. I know it will be profitable for any cowman to attend this sale at Newton, October 9.

This was the first bull they had offered for sale by Edellyn Broadarrow, the top selling bull of the 1957 Edellyn sale at \$3,100. He in turn was by the noted Beaufort Bulldozer, sire of an International champion bull and International champion female. The dam of this bull, Golden Chain A, is from the famous Retzlaff Golden Chain family and she in turn is by the \$3,000 Saltoun Challenger. One third of females in this sale are sired by him.

She has five good calves; a reserve champion steer, Karen's 4-H heifer that stood third in a class of 24 at the recent State Junior Field Day, and a red bull calf at foot by Wonder, dropped April 19th. In 1959, she was grand champion, over all breeds at the Chase County Spring Beef Show and the Chase County Fair, reserve champion at the State Fair.
